Permit ID: 55466

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Scott D. Carney
C/O Marine Construction, Inc.
3078 Murraywood Rd.
Johns Island, SC 29455

LOCATION: On and adjacent to Seccessionville Creek at 1317 Battalion Dr., Charleston, Charleston County, South Carolina.
TMS#: 431-02-00-008 .

WORK: The work as proposed and shown on the attached plans consists of constructing a bulkhead and making additions to an existing dock. Specifically, the applicant seeks to construct a 100' long wooden bulkhead located at the critical line. The applicant would also like to add a roof to the existing pierhead. Floodside of the pierhead, a four-pile boatlift is proposed. The work as described is for erosion control and for the applicant's private, recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

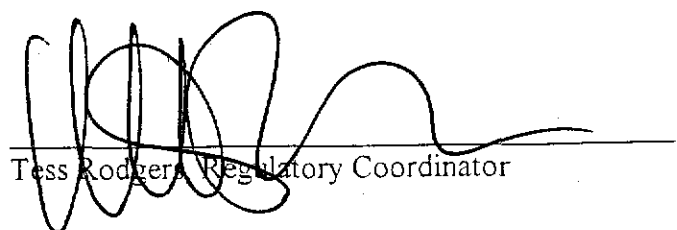

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

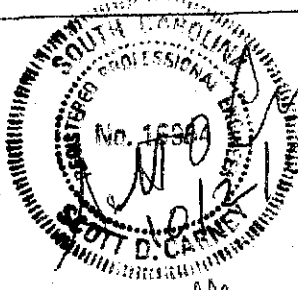

To assure review by OCRM, comments regarding this application must be received by OCRM on or before November 4, 2006. For further information please contact the project manager for this activity, Amanda Flake at 843-747-4323 ext. 149.
